Behind the Scenes at Chemistry – A European Journal and Sister Journals: The Synergy between Authors and Editors

时间: 2018年5月2日 (周三) 9:00---11:00

地点: 图书馆中心会议室

报告人简介:

Anne C. Deveson 博士, *Chemistry – A European Journal* 期刊副主编, *ChemistrySelect* 期刊主编。她于1991年在东安格利亚大学 (UEA) 获得化学学士学位, 接着在Annie Powell的指导下继续攻读博士学位, 主要方向是生物-无机化学; 1995年于卡尔斯鲁厄大学的迪特芬斯克的小组做博士后研究。她于1997年加入了Wiley出版社, 成为*Chemistry - A European Journal* 期刊编辑, 2002年晋升为该杂志的副主编, 并从2016年起担任*ChemistrySelect* 期刊主编。

报告简介:

A highly competitive research environment with increasingly limited research funding has created a “Publish or Perish” attitude among scientists who are judged on the quantity rather than quality of their research articles. This presentation is mainly about the portfolio of Wiley-VCH chemistry journals, including the transfer system, how the journals are connected and how an editor make decisions. Some ethics/impact factor/open access information from the editor’s point of view will also be presented.
